

## Seating Policy

Advance Seat Selection is available on all Nauru Airlines operated flights from 331 days prior to departure until 24 hours prior to scheduled time of departure. To make flights as comfortable as possible, we offer eligible passengers the opportunity to select a preferred seat before boarding. Advance seat selection can be made at time of booking or after a booking has been made via the GDS, online via Manage my Booking, or via our Call Centre, or at the time of check in.

### Advance Seat Selection and Eligibility

Passengers can avail themselves to their preferred seat by booking it in advance prior to check-in.

Each passenger has a preference when it comes to being seated onboard: -

-  a window seat for the view outside,
-  or an exit row seat with extra legroom for extra comfort, or
-  just a seat to be seated together with your family or travel companion 18 years of age and over

Apart from an exit row seat, we can also offer a window, aisle, or middle seat, just to suit your customers preference - known as a Standard Seat. There is no charge for this service.

If passengers do not wish to book a Standard Seat in advance, they may still avail themselves of free seat selection at the airport, subject to availability.

Passengers may avail themselves to more spacious seats for a fee.
