Instructions

This Certificate is required for all travelers who have had COVID-19 within three months of intended travel to Nauru.

No pre-travel PCR test or arrival RAT testing, and no quarantine is required for persons who are cleared to travel to Nauru after recovering from COVID-19 within three months of their travel.

If it has been more than three months since a person recovered from COVID-19, this certificate is not required and the traveler will be required to provide a negative PCR test result within 72hrs of travel.

A separate form is required for each traveler.
Information must be provided in English.

The form must be completed by a registered Medical Practitioner (Doctor).

Submit the Certificate with copy of test results to Nauru Airlines

or email to: taskforce@covid19-nauru.org

At least 24 hours prior to your flight
