

IMPORTANT NOTICE

Updates to our Network – 08 May 2026

Fuel Surcharge Adjustment | Upcoming Network Sale | Schedule Extension

Fuel Surcharge Adjustment

Nauru Airlines wishes to advise all customers, partners and travel agents that due to the continued increase in global fuel costs and operational expenses, a fuel surcharge adjustment has been implemented across applicable routes and fare types effective immediately. This is now in effect from 08 May 2026 and will reflect on all new direct bookings.

This adjustment is necessary to support the ongoing operation of our services across the Pacific and ensure the continued delivery of safe, reliable, and sustainable air travel throughout our network and region.

The updated fuel surcharge will automatically apply to all applicable new bookings ticketed on or after implementation. Existing ticketed bookings will not be affected unless changes requiring ticket reissue are made following implementation.

The change will also be implemented across other Nauru Airlines sales channels and ticketing partners over the next few days.

Network Sale Release

To assist customers with the impact of the increase, Nauru Airlines will release an 8-day network-wide promotional sale across the majority of our network. The sale will commence on Monday, 11 May 2026.

The promotion will operate via a dedicated tour/promotional code, allowing eligible customers to access fare basis discounts of up to 25% on selected fares and routes during the campaign period.

Please note that services ON091/092 between Nauru and Brisbane, and ON123/124 between Tarawa and Kiritimati are excluded from the promotional campaign.

Further details regarding eligible routes, booking periods, fare conditions, and promotional codes will be released.

Network Sales Extended

Nauru Airlines is pleased to advise that network sales will be extended through to 31 March 2027. This will be implemented from 08 May 2026, providing customers with greater flexibility and opportunity to plan future travel in advance.

Nauru Airlines sincerely thanks our passengers and communities for your continued understanding and support as we continue connecting our islands and our people.
